The ABCs of EITC

We Make it Easy

ACSI Children's Tuition Fund – Our school works with the ACSI Children's Tuition Fund (CTF) in providing tuition assistance for low to middle-income families with children enrolled in our school. A wonderful provision in Pennsylvania law allows qualified businesses to direct some of their tax dollars to scholarship organizations to help eligible families enroll their children to the school of their choice—including a Christian school. The ACSI Children's Tuition Fund (CTF) is approved by the Commonwealth of Pennsylvania as an EITC Scholarship Organization to provide scholarships for students from preschool through the 12th grade. The ACSI Children's Tuition Fund is committed to serving its businesses by providing relevant information required to apply successfully to the EITC program.

Business Tax Credits – The Educational Improvement Tax Credit (EITC) legislation of 2001 established tax credits for eligible Pennsylvania-based corporations and businesses that contribute to scholarship organizations or educational improvement organizations. A business can receive a tax credit equal to 75 percent of its contribution up to a maximum of \$750,000 per taxable year. This can be increased to 90 percent of the contribution, if a business agrees to provide the same amount for two consecutive tax years. Participating corporations or businesses can receive state tax credit—applied to any one of the following taxes:

Capital stock and franchise tax
Bank and trust company shares tax
Title insurance premium tax
Malt beverage tax

Corporate net income tax
Title insurance companies shares tax
Mutual thrift institution tax
Personal income tax of S-corporation shareholders, or partners in a general or limited partnership (pass through entities)
